Ensure you keep up with the latest trends! This course is open to all lash technicians who want to master the latest lash techniques including 3D, 6D Russian volume layering, bridging and Salon System's signature lash techniques (accent, multi-lash feathering, stack and extend)

You will learn how to create an extremely full and soft looking finish using ultra fine lashes designed for full lash artistry.

Time is money - improve your speed and efficiency in waxing! Learn how to perform a professional half leg wax in just 4 minutes, with our 'speed' waxing technique. The course will also include 'salon essential' waxing techniques for ears and nasal waxing. A complete and comprehensive waxing service.

Qualified waxing technicians who wish to build speed and confidence are welcome. It covers both strip and hot wax including Salon System's unique Just Wax Multiflex and will focus on a new generation of waxing.
